Module B, EU type-examination

Issue 1

PPE Product

Limited-life chemical protective one-piece splash suit, model SC1132H05, made of blue Chemprotex™ 300 barrier laminate material (part no. A00132) with a combination of stitched then over-taped and welded then over-taped seams. The hood has an integral neoprene rubber face grommet and a rear zipper between the shoulders covered by double external sealable flaps.

Available sizes and design options are shown in Annex 1.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to meet the applicable Essential Health and Safety Requirements in Annex II of Regulation (EU) 2016/425 Personal Protective Equipment

The following have been applied, with the exception of the neoprene rubber face grommet which has not been tested:

- EN 14605:2005 + A1:2009 (Type 3 & 4: Limited life, full-body protective clothing against liquid chemicals with liquid-tight & spray-tight connections);
- EN ISO 13982-1:2004 + A1:2010 (Type 5: Limited life, full-body protective clothing against airborne solid particulates);
- EN 13034:2005 + A1:2009 (Type 6: Limited life, full-body protective clothing offering limited protection against liquid chemicals);
- EN 14126:2003 (Type 3-B, 4-B, 5-B & 6-B: Limited life, full-body protection against infective agents);
- EN 1073-2:2002 (Non-ventilated protective clothing against particulate radioactive contamination) for a performance classification of TIL Class 1.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 19 (c) of the Regulation are implemented and maintained while the model is in production

Certification is based on technical file reference: TF090 Issue C.

SGS Reference Number UK/CRS 237716.

¹ The validity of this certificate may have to be reviewed in the light of new or amended harmonised standards.
This certificate remains the property of SGS United Kingdom Ltd to whom it must be returned on request.
