Civil Resilience

The Respirex SC4 is a fully encapsulating reusable Type 3 splash contamination suit designed for Self Contained Breathing Apparatus (SCBA) worn inside the suit.

- Flexible visor giving wide undistorted field of vision
- Heavy duty 122cm (48") long gas tight zip, fitted to the right hand side of the suit
- Adjustable internal support belt allows users of varying sizes to wear the suit comfortably
- Elasticated inner legs with stirrups with elasticated outer legs designed to accommodate safety boots of the user's choice
- Safety gloves compatible with the material of the suit, fitted by means of the Respirex locking cuff mechanism, or the Sure-Loc mechanism
- Exhalation valves ensure that the pressure change within the suit does not exceed 400 pascals in one minute
- Available in a range of chemical resistant fabrics

Options

- Detachable Hazmax™ Boots
- Reinforced knees and elbows
