### Regulation (EU) 2016/425

Module B, EU type-examination

Issue 1

PPE Product

Reusable chemical protective jacket model JKT constructed with liquid-tight seams and available in seven different materials. The jacket has a coarse tooth zipper and is available with a variety of design options. Refer to Annex 1 for available sizes, materials and design options.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to meet the applicable Essential Health and Safety Requirements in Annex II of Regulation (EU) 2016/425 Personal Protective Equipment

The following have been applied:

EN 14605:2005 + A1:2009 (Type PB [3] & Type PB [4]: Reusable, partial body protective clothing against liquid chemicals with liquid-tight connections) &

EN 14605:2005 + A1:2009 (Type [3] & Type [4]: Reusable, full body protective clothing against liquid chemicals with liquid-tight & spray-tight connections), when worn in accordance with the user instructions with the corresponding Category III CE Certified Respirex reusable trousers, model BTRS.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 19 (c) of the Regulation are implemented and maintained while the model is in production

Certification is based on technical file references: TF001 Issue D & TF103 Issue B.

SGS Reference Number UK/CRS 237189.

<sup>1</sup> The validity of this certificate may have to be reviewed in the light of new or amended harmonised standards
